SCOTT AIR FORCE BASE ILLINOIS

MEMORANDUM FOR PEO EIS TIS

DEC 21 2005

FROM: HQ AFCA/EV
203 West Losey Street Room 2100
Scott AFB IL 62225-5222

SUBJECT: Certificate of Networkiness (CoN) for Automated Air Load Planning
System (AALPS) Version 4.3.4.1

References: (a) System Security Authorization Agreement (SSAA), 01 Aug 05
(b) Previous CoN: CoN0-SCD01640-200504-05-1

1. AALPS version 4.3.4.1 is compliant with Air Force policy and is hereby issued Certificate of Networkiness number CoN0-SCD01640-081205-00-0.
2. A desktop assessment determined the overall risk rating for AALPS version 4.3.4.1 is low and does not adversely impact the security, network compatibility, and interoperability of the Air Force Terrestrial, Air, and Space Communications Network.
3. There are no ports, protocols, and services (PPS) associated with this system version that traverse any Air Force enclave boundary.
4. This CoN is for this version only. The program manager must notify the POC below of any subsequent releases or changes to the system's security, interoperability, or sustainability to determine if a new networkiness assessment is required.
5. This does not preclude the mandatory DoD requirement for development and maintenance of the System Security Authorization Agreement (SSAA) and the Information Support Plan (ISP). IAW AFI 33-202, the applicable site, network, or system SSAA must be developed or updated to reflect this implementation.
6. My POC for AALPS is Don Miller, HQ AFCA/EVSS, DSN 779-6845 or e-mail: afca.evss@scott.af.mil.
